

FAQs:

What happens when a title expires?

The titles will automatically expire, so no action is needed on your part. If you still see the book on your Kindle, you can tap and hold the cover until you are prompted to delete the book. You may also login to your Amazon account and return the titles from the **Manage Your Content & Devices page**.

What if I don't finish my book?

Your Kindle will remember your place, so simply check out the title again to resume reading.

Can I renew a book?

Yes! If there are no holds on the title you can visit your account page and **renew two days before the title expires**. You will need to re-download the book for the "new" check out.

Can I return an eBook early?

Yes! Visit your Amazon account's **Manage Your Content & Devices page** to return your book.

What formats can I read on my Kindle?

Kindle books only. There are over 14,000 Kindle books available on our catalog.

Which way should I sign-in?

The simplest method is to use your library card—every method requires it! But you can use any method you feel more comfortable with.

What about the Read Now button?

Read Now lets you read in your internet browser.

Use these instructions for Kindles, including the original Kindle and the Kindle Paperwhite.

If you own a Kindle Fire or similar Kindle tablet, please use our instructions for Kindle Fire/Android Tablets.

Before you begin, you will need to register your Kindle with your Amazon.com account if you haven't already done so. If you don't have an Amazon account, sign up for one on Amazon's homepage: www.amazon.com

OVERDRIVE Kindle eReaders

(includes the original Kindle and the Kindle Paperwhite)

Ebooks & Audiobooks

1. Browse

- You can borrow Kindle Books from your library and **deliver** them **wirelessly** to your **Kindle eReader**.
- Visit the library's eBook catalog by going to your library's webpage, or visiting clamsnet.overdrive.com and sign in to your account.
- **Oakbluffslibrary.org** has a **quicklink on the front page**:

- **Note:** you will need to **create an account for the CLAMS e-material catalog** to sign-in and search for a book **AND** you will need to **log in to your Amazon account at the same time**.
- In a **separate window or tab**, visit **Amazon.com** and **log in**.
- Once you are successfully logged into Amazon, **revisit the library catalog to browse** by keyword, subject or collection until you find a book that is available to check out.

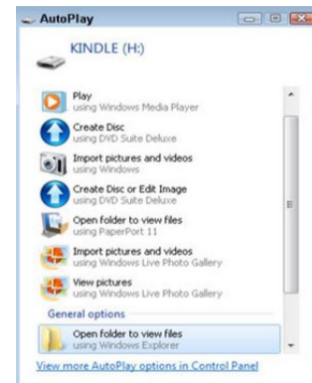

2. Checkout & Deliver

For those using WIFI to connect their Kindle device to the Internet:

- **Click on Borrow** underneath the cover of the book and it will give you a choice of format. **Choose "Read now with Kindle."**
- You will be **re-directed to Amazon's website**. **Click on Get Library Book**.
- **Look at drop down menu below**. **Make sure you are delivering the book to the correct device**. Some families may have more than one device.
- If you are using a USB cord, continue on to step 3.
- **Your book should start downloading onto your device shortly**. Turn your device on and make sure it is **connected to a wireless** network.
- **If your book doesn't appear**, or you aren't re-directed to your Amazon account. You can **log into your Amazon account** after checking out the book to your CLAMS account.
- **Click on your account** to see a list of options. Now choose: **Manage Your Content & Devices**. You can choose from devices, content or settings here. Explore to see your options!
- **In your CLAMS account**, find information about your books on your **Loans page**, where all of your checked out books will appear.

3. Using a USB

- If you would prefer to use a USB cord to transfer an ebook from your computer to your Kindle, click on Download Now after clicking on Get Library Book.
- Your ebook will be downloaded to your computer.
- **Connect your Kindle to your computer** using your USB cord.
- Once connected, you should see a dialog box appear in front of you. Click on the folder to view the files. This is your Kindle folder.

- Leaving the folder open, find your book on your computer. It will be in your Downloads folder. If you can't find it, try searching for "Downloads" on your start menu.
- **Drag the book file from the Downloads folder to your Kindle folder**.
- Disconnect your Kindle and start reading!
