DOWNLOAD THE APP

In the app store, find and install the CLAMS Library Network app, available for iOS and Android.

LOGIN

Once you have the app downloaded and opened, press My Account. From there press Manage Accounts then Add Account.

This will open fields to enter your barcode (your library card number), or Username, and your Password, or four digit PIN. Press Validate and your card will be added to your account.

ADD ACCOUNT

Enter your library account information to access advanced features in this app such as Digital Library Card and Account Management.

For more mobile library content, check out our other available apps:

Libby by Overdrive

Borrow eBooks, eAudiobooks, and Magazines

Hoopla

Borrow eBooks, eAudiobooks, Comics, Movies, Music, and Television Shows

Oak Bluffs Public Library
508-693-9433
www.oakbluffslibrary.org
HOME PAGE

Provides a keyword search of library items.

Displays all upcoming events at all Cape Cod libraries. Use the filter to limit to a single library's events.

Links to the OverDrive site, which can be used to search for econtent. Overdrive page will also link to download the Libby app which can be used to access econtent.

View your account.

Select a library to view hours, address, phone number, links to social media sites, and library website.

See lists of most requested items, new releases, coming soon items, and New York Times bestsellers.

SEARCHING

Select an Advanced Search to use filters to limit by type of material, location, and age range.

MY ACCOUNT

View all items currently checked out to your card.

View any fees or fines due.

View your library card number, expiration date, and scanable barcode.

Link to the eCard registration on the CLAMS site.

View all items currently on hold for you. Will show place in waitlist, and will be green when item is ready for pickup.

Will display a history of checked out items as long as you have opted in.

You can add or remove cards from your account here. You can have multiple cards linked to your account, which is great for families.

Scan any library item's barcode (usually on the front cover) to check it out to your account.
